CREDIT UNION SUITE

2015 Winner*

ASSESS TALENT FIT

IMPROVE QUALITY OF HIRE

IMPLEMENT VIRTUAL JOB TRYOUT® TECHNOLOGY

Improve your critical hiring decisions.

Our Difference

- Applicants go through a realistic job preview, culture-fit exercises, and a multimethod evaluation that mirrors the complexity of the job.
- Collect and convert applicant information into data that ranks each candidate on what matters.
- Your recruiters benefit from this technology with data they can use to make precision hiring decisions.
- Dynamic exercises reveal best-fit talent.

Better for Candidates

TRY OUT. Experience specific job demands firsthand.

STAND OUT. Opportunity to perform and demonstrate abilities.

OPT OUT. Decide if the job is right for them.

Better for Recruiters

RANK. Top-down ranking to quickly identify who to interview first.

REDUCE. Faster time to fill, fewer days open.

REPLICATE. Standardized hiring process across the entire organization.

Better for Credit Unions

PRODUCTION. More referrals, fewer outages, better member engagement.

RETENTION. Reduce 90-day new-hire turnover by up to 50%.

PREDICTION. See faster learning and superior member interactions.

GO BEYOND RESUMES

Collect a work sample that predicts on-the-job success.

WHERE CAN YOU USE IT?

Virtual Job Tryout technology is suitable for a variety of credit union jobs. It is ideal for getting to high-potential candidates quickly. You can engage, educate, and evaluate applicants for the following types of jobs, and more:

- Teller
- Video Teller
- Front-Line Retail Banking
- Member Service
- Contact Centers

WHAT DO YOU LEARN ABOUT CANDIDATES?

Virtual Job Tryout technology delivers a multimethod, multimedia evaluation experience that reports on these essential performance drivers for teller jobs:

- Overall performance
- Career stability
- Customer service
- Sales drive
- Technical aptitude
- Attendance & reliability
- Problem solving
- Multitasking

WHAT RESULTS CAN YOU EXPECT?

Over a decade of validation research combined with hiring and performance data from over 1,275,000 teller and customer service applicants provide the scientific and analytical foundation for Shaker's Virtual Job Tryout technology. Big data analytic methods and predictive modeling from selection science deliver proven results. Your talent acquisition team can make a precision hiring decision with confidence using candidate results from the Virtual Job Tryout.

ENGAGE, EDUCATE, AND EVALUATE CANDIDATES

Candidates are given an opportunity to perform a range of simulated job tasks and respond to a series of job-relevant exercises. They learn about the job while you learn about them. You obtain relevant, meaningful, and scorable responses that enable you to rank candidates based on abilities, not words on a resume.
